

Column & Post introduces the Plumb Perfect Column™ Installation System. Our latest innovation takes a common sense approach to removing the hassles associated with installing a column. Everything you need to put up a column comes in one box. Plumb Perfect's Column Installation System will guide you to project completion while saving you valuable time and money. Whether it is a single column or a group of columns your job will be accomplished more easily than ever before. Visit us on Youtube at www.youtube.com/columnpost to see Plumb Perfect Videos and other products that are manufactured exclusively by Column & Post in the U.S.A.

- Here's what you get in the Plumb Perfect Column™ Box:
 - Column
 - Poly capital with foam ring insert that hugs the column
 - Composite base
 - Base ring with predrilled holes
 - Base ring target
 - Installation disc with predrilled Holes
 - Plumb bob with hanger and string
 - 9 – Tapcon® screws
 - Wood shim

- The first all-in-one box, column system.
- Plumb bob, installation disc and base target make plumbing a column quick and easy.
- Plumb Perfect Column™ eliminates outside installation hardware. No more brackets.
- Plumb Perfect Column™ does away with finish work on screw heads by concealing all installation devices.
- Lower the base over the base ring and with a little adhesive everything is locked in place. Finish with caulk.
- Just push the capital into position, secure with glue and caulk.
- No more searching for parts.
- Base target assists in positioning base ring and column.
- Column, capital and base are paint-ready out of the box.
- Patent pending on the Plumb Perfect Column™.
-  Made in the U.S.A. The box and everything in it.
- Brought to you exclusively by
